Bio

I'm a designer and storyteller who blends creative vision with hands-on technical work. With a foundation in fabrication, physical computing, and multimedia storytelling, I craft imaginative and collaborative experiences. Whether designing games, installations, or narrative systems, I use design thinking and a love of storytelling to bring ideas to life in unexpected ways.

Skills

Software

Illustrator • InDesign • Photoshop
After Effects • Premiere • Blender
Adobe Dimensions • Ableton
Godot • Arduino IDE • SketchUp

Coding

C++ • C# • GDScript • HTML • CSS
Java

Creative & Technical

Physical Computing • Fabrication
Game Dev • Web Design
3D Modeling • Animation
Audio/Video Editing
Product Design • 3D Printing
Laser Cutting

Experience

Learning Assistant - Text Jan. 2025 – Present

ATLAS Institute, University of Colorado Boulder

Mentored undergraduate students in core design tools and concepts.

- ♦ Mentored students in Adobe Illustrator, InDesign, and Dimensions.
- ♦ Reviewed work on packaging, posters, and typographic design.
