

Is this really how it ends?

After everything

Where did we go wrong?

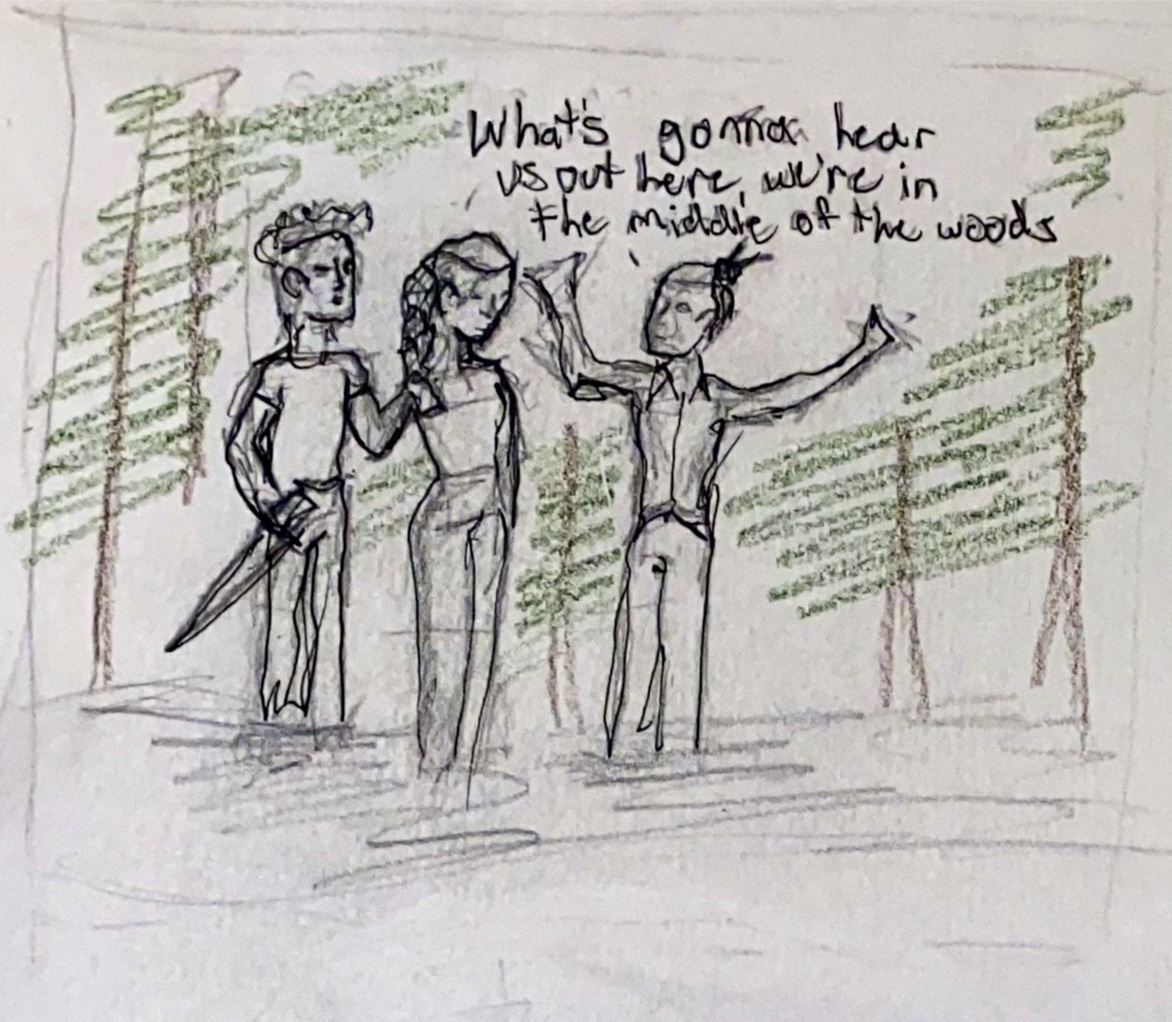

Maybe we should have just forgotten him

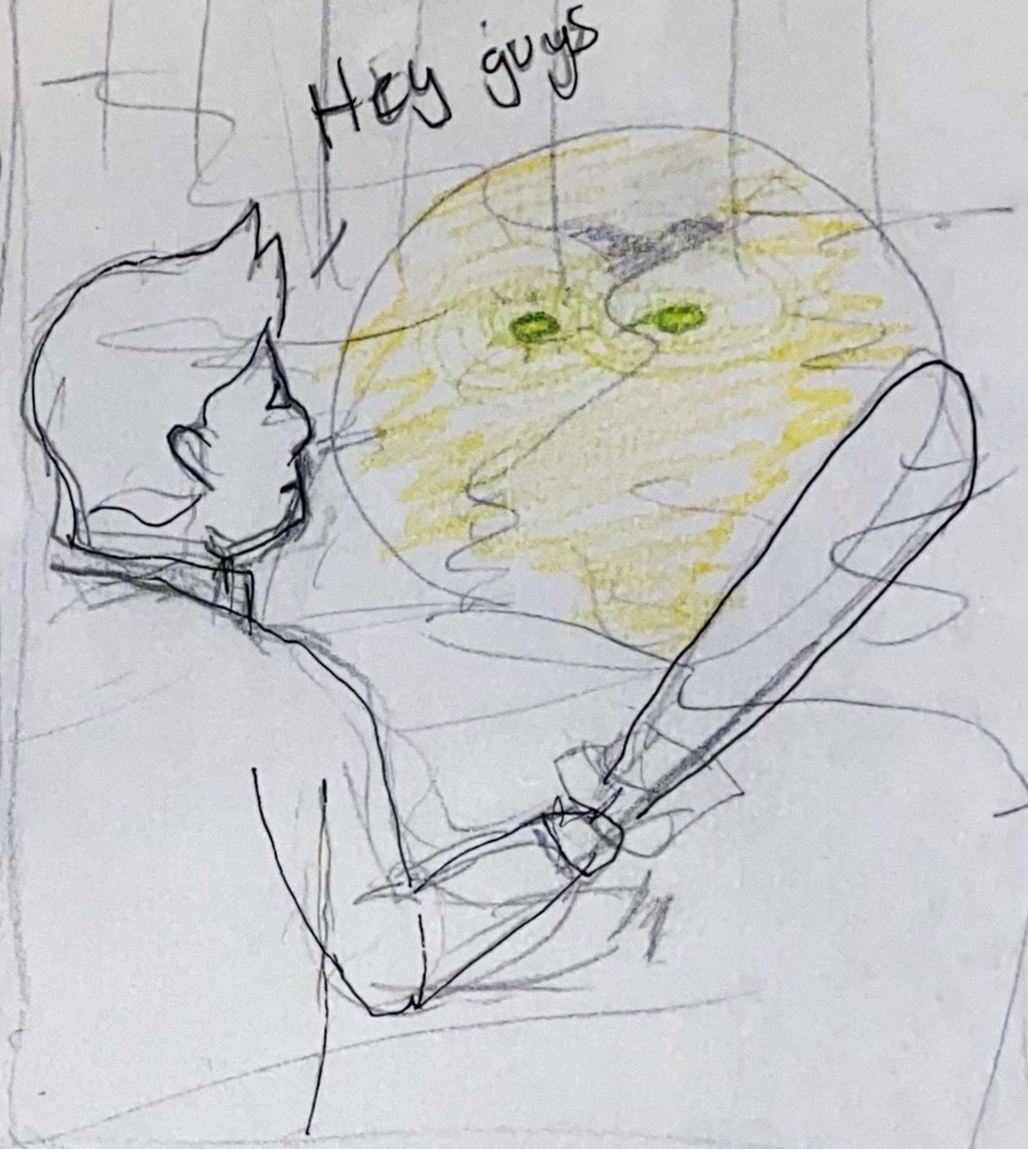

We stared into the dark

And the
DARK
stared back

same size

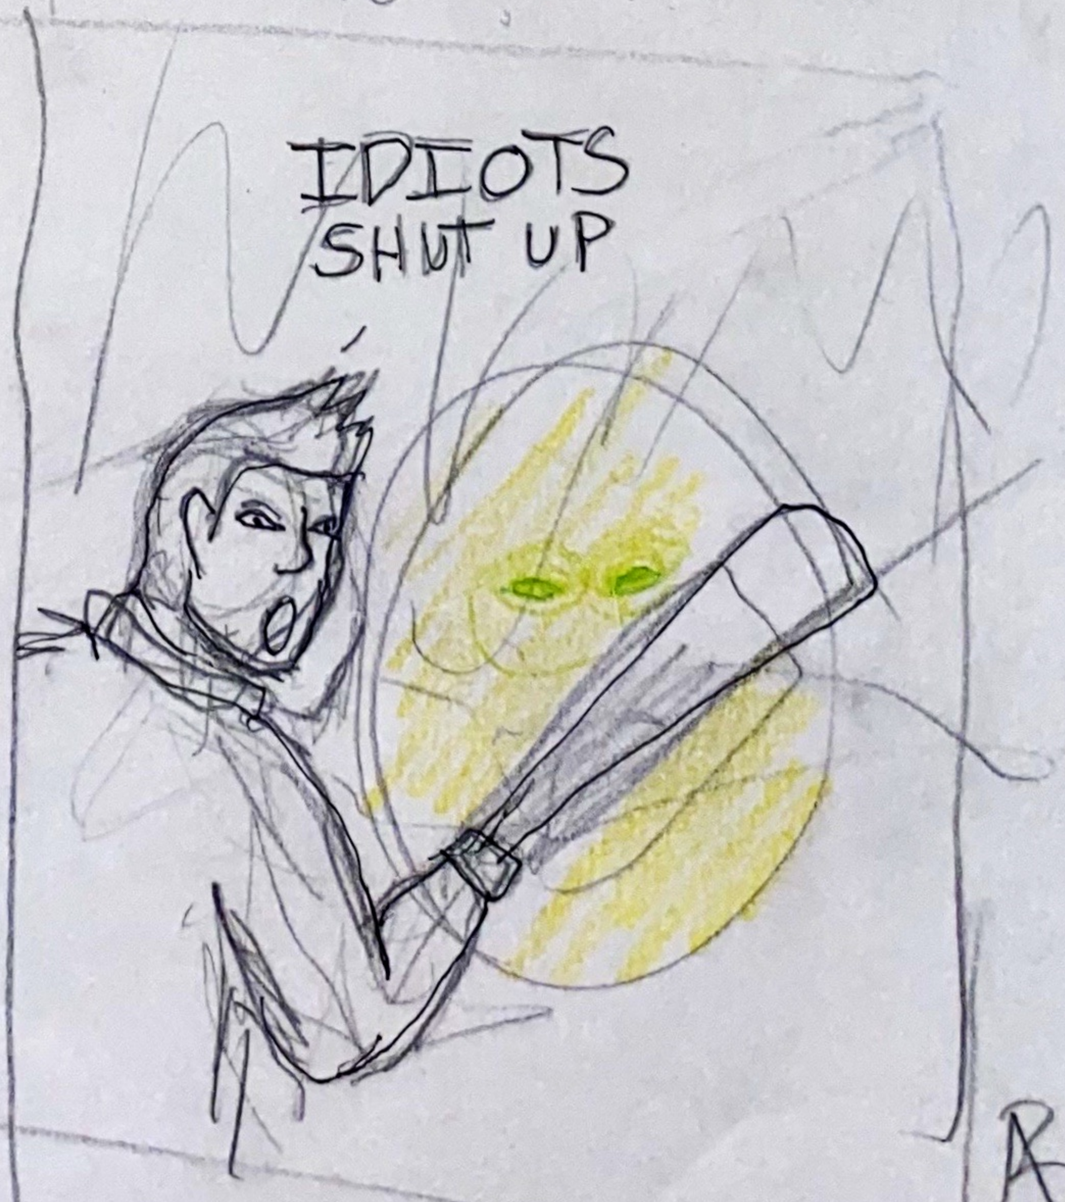

copy pose turned around

Are we sure he's out here, I mean why would he be hiding out here?

Monsters hide in the forest, duh

This is a waste of time he's run away before we should be checking the usual spots

Calm down Jay we don't know what happened

astrid approaching

you're right Abe, we don't but I'm pretty sure we can rule out being taken by a monster

Sure

sulking

Dude shut up we've gotta be quiet

snap

GRAHH

What the hell is that

I don't wanna die :(

BANG

BANG

splat

Holy shit bro
that was badass

SMack

Shut up
Zack

Why the
hell do
you
have a
gun

we're hunting
MONSTERS

— I told you
